

## Witchcraft Healing Worksheet

Witchcraft is normally the culprit behind this form of haunting. Someone you know is involved in witchcraft and gives you an unsuspecting “cursed gift”. Their intention is to cause harm to you and your family members. Witches curse you in order to give you various forms of sicknesses, diseases and even death. The best way to deal with this form of haunting is to pray for any witch(es) persecuting you. If you suspect someone is practicing in the occult, have Masses said for him or her.

### Trafficking Witches

Witches are able to “traffic” or spiritually come into your home and visit you in order to curse you. They gain access into your home by the items they have cursed. Because a witch wants to remain anonymous when they come to curse you, they will wear black clothes covering their body. They will go to bed, as if they are sleeping, wearing black clothes, and they separate their spirit from their body so they can travel to your home. In the “spirit state”, they can travel anywhere without being seen.

Since they are not dead humans, they can visit your home any time they want, and you may not suspect it. They can speak audibly so that you can hear your name being called out, they may laugh or make other sounds, and they can push you too. Witches normally leave something behind indicating they “were there visiting you”, such as a penny or other coins on the ground. If you continue to find loose change on the ground, or paper clips, etc., you need to take action to STOP the witches from entering your home while you and your family are sleeping.

To begin determining who in your life is a practicing witch, you will need to begin the discernment process. Remember, do not speak about this matter with any of your friends or family members. If you speak openly about your suspicion you are being haunted by a trafficking witch, you may be giving away information to the witch who is persecuting you. To begin, first write down the names of your close friends and family and ask Jesus during your prayers or Rosary if there is someone in your life who is practicing witchcraft. The Lord may tell you then but if not, begin reviewing your relationships with them all. Ask yourself, does a friend of mine not go to church, Confession or say a Rosary? Is one friend always asking, how do you feel today, or what did the doctor say you have? Second, pray daily to stop any trafficking witch from entering your home, go to Mass and place any witch attacking you or a family member into the Chalice during Mass. Third, if you determine that someone might be a witch, begin throwing away the items he or she gave you. Rid your home of any objects, cards, statues, books, of any items he/she has given you.

If you did find the witch, it is likely that the witch does not work alone. A coven of witches is normally around 12 to 15 people, so you may have to keep at this for some time. Continue to pray to the Lord to stop and rebuke all witches from entering your home. We recommend reciting the prayers in the Spiritual Warfare Prayers book written by Robert Abel. It is a great source of Spiritual Warfare against all occult practices

affecting you and your family. The Lord loves you and your family members, so the more you plead to Him for help, the more the Lord will intervene! Jesus, I trust in You!

### **Contacting Apostolate for help**

We offer volunteer services to help you determine what type of haunting is going on in your home. It is free of charge, but normally takes weeks or months to clear a home. If you are in need of this service, please use the form on this page and be as honest as possible. The more information you offer to us, the more we can discern and ask Jesus to help in this process. We ask also that you provide an “unblocked” phone number so we can call you. Lastly, before we begin the process, we ask that you purchase one inch Crucifixes above the doors of your front, back and garage door; after you have them blessed by a Catholic Priest. You will also need to purchase Miraculous Medals to place above every window in your home (they must be blessed too). When you have completed the placing of Crucifixes and Miraculous Medals, complete the form and wait on a volunteer to call you. Children who are experiencing hauntings are our first priority, if you need immediate help, we will contact you as soon as possible. God bless you.

### **Affidavit of Non-Occult Practice**

If you really want to put your relationships to a test, here is an opportunity. Ask your friends and family members to sign an affidavit promising they are not and will not get involved in any occult or witchcraft practice, under pain of torture. Jesus Christ will be the witness to this affidavit, so if you ask one of your friends to sign it, be ready to hand over your signed affidavit copy too. It will not be a legally binding, but it will be spiritually binding to Almighty God.

You can find this Affidavit of Non-Occult Practice as a link on our website.
