

Testimonial From An Anonymous Apostle
After Attending Our 2018 Healing Conference in Austin, TX
(Will be attending the New York Healing Conference too)

Received on: April 8, 2018

Hello Ann Marie,

I hope you are well. I would like to testify of the great things the Lord has done in my life since the healing conference in July last year in Austin Texas. Each month that goes by things get better and better because of the graces I received from the healing conference.

Before I attended the conference, I was under constant attack and was experiencing allot of misfortunes. I was always in debt. I could hardly sleep as there was no peace in the house. And when I would sleep, my dreams were always negative. There was this dark spirit around that would not enable you to have peace both night and day and I was exhausted all the time. The children also had no peace and were constantly fighting and could not sleep well at night.

Immediately I left the conference, I started to see things becoming better in my life. I also acquired gifts at the conference which have enabled me to face evil and fight back and protect my family. My eyes were opened and senses made stronger and I am able to discern the presence of evil in the house and even at the work place and signs of trafficking witches. My devotion to God has increased and become better. My finances and situation have improved. I sleep much better and so do the children. I also have peace in my heart and I face challenges much more easily with calmness which I didn't have before. The list is endless of great things happening in my life. I thank God for using you to share the information and help us with healing.

God bless you
